Installation Instruction

*Note Please run the code on ASP.NET 4.0 Framework Sever or higher
*Note Please create the database in a MS SQL SEVER 2008 or higher

The Entire Database script has attached in the folder.
The Entire web site code has attached in the folder.

Once create the Database. Please modify the **Web.config** file appropriate. Details like this:

```
<connectionStrings>
    <add
    name="localConnection"
    connectionString="Data Source=edutechservice.com;database=aa_isf_db_dev;User
    ID=isf_db_uname_685219;Password=isf_db_pwd_685219!;MultipleActiveResultSets=true"
    providerName="System.Data.SqlClient"
    />
</connectionStrings>

<mailSettings>
  <smtp from="isf@edutechservice.com" deliveryMethod="Network">
    <network host="mail.edutechservice.com" userName=isf@edutechservice.com
    password="isf_em_pwd_685219!" port="26" enableSsl="false" />
  </smtp>
</mailSettings>
```

Testing Instruction

1. **Login Page & Preset the username and pin**

   Super Admin account: *[Only super administrator can access admin setting page to Create, Delete, Update and Search general administrators]*
   Username: 10000
   Password: Science *[First letter is Capital]*
   General Admin account:
   Username: 10008
   Password: Science

2. **Forget Password**

   To test this function, please
   Log in as super admin first → access admin setting → enter edit mode → modify the email address to your address in order to receive the password.

   Log out return forget password page, enter your email to receive the password.
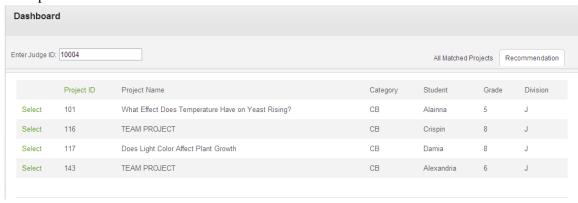

3. Scheduling system

Enter the Judge ID whom you want to assign the schedule. It will display the entire projects' list which is matched Judge's preferences. We also give a recommendation list which is considered about the period, division and project priority, etc.

Click **SELECT** button, you can assign selected project to judge. To check out the result, please **Assignment Tab.**
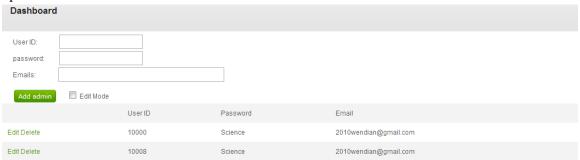

Example:

To check out result:

4. **Add New Judge**
   Every admin can add new judge extempore in order to let new coming judge be involved.

5. **Admin Setting**
   Only super Admin can access this page, add new general admin, enter edit mode to update or delete admin.

6. **Upload**
   You can use this function to upload data into database in a bulk poured way. Please make sure your spreadsheet format is valid. I attached three *test.xlsx* file for you to test. You also can create new Excel file by yourself, but please make sure that you obey the format that I give you.

   Once you uploaded successfully, you could go to Side-Tab to look up the data that you upload.

*The uploaded file should be .xlsx

*The forms should be made up in the following formats

Judge:

	A	B	C	D	E	F	G	H
1	JID	FNAME	LNAME	CA	CB	CC	CD	DIVISION
2	20000	steve	jobs	BI	ME	PH	ME	J

Student:

	A	B	C	D	E	F	G
1	SID	FNAME	MNAME	LNAME	PID	SCHOOL	AGE
2	888	AA	AA	AA	863	AA	9

Project:

	A	B	C	D
1	PID	CID	GID	PNAME
2	863	ME	9	Dian Wen

7. **Side-Tab Function**
   - Project list : Search, Update, Delete specific project
   - Judge list: Search, Update, Delete specific judge
